

AIRISE

Open Call

Apply Now

airise.eu/calls

Are you a **SME that wants to apply AI in your manufacturing environment?**

Our first Call for Experiments is now open!

We support you with expertise in the fields of:

Design and Engineering
Process Monitoring and Control
Manufacturing Operations
Supply Chain
Training

Call details:

airise.eu/calls

Submission deadline:

June 30th, 2023

Maximum budget:

40.000€ per experiment

Our services will enable you to realise AI driven manufacturing solutions on your shop-floor. For more detail about these services, visit our services pages.

You can apply for this support if your company is a SME or mid-cap and if your challenge is on using AI in manufacturing at your shop-floor.

We need a description of your "AI in manufacturing application case", the technical challenge, and your implementation plan. At the base line, we also need fact on how a successful implementation will help your business and why you need our support.

For more information, vist airise.eu/calls
